Why Support Cetronia Ambulance Corps and its 5K Run & Walk?

Cetronia Ambulance Corps has a proud 60-year history of providing emergency medical services to residents in the Lehigh Valley. As the regional leader in EMS, Cetronia responds to nearly 65,000 calls for service and more than 250 special events, stand-bys and educational programs annually; operating the only nationally accredited and High Performance EMS system in Eastern PA. As a non-profit, 501(c)3 organization, Cetronia relies on grants, donations, subscriptions and users fees to support its critical role in the regions public safety system.

Cetronia Ambulance Corps is dedicated to the ongoing education of its employees, volunteers, youth and neighbors who benefit directly from our programs. Now in its 5th year, momentum for the “Great Ambulance Chase” continues to grow, along with the demand for community education programs. In addition to utilizing “Andy the Ambulance” to teach the littlest members of our communities, we have seen an increased interest from various community and youth groups to learn life-saving skills such as CPR, AED, oxygen administration, basic and advanced first aid, as well as to become a certified Emergency Medical Responder (which can be obtained as early as age 14). Programs like these are essential to helping Cetronia continue their life-saving mission as a non-profit community based public health and safety partner that serves the needs of nearly a quarter million residents living and working in the Lehigh Valley.

Since 1955, Cetronia’s commitment to “Health on Wheels” has made the difference between life and death for countless families in our community. Over the last year, Cetronia has experienced great growth in its efforts to build the future of pre-hospital emergency care and education for the Lehigh Valley. In order to fully meet the needs of our growing community, we are expanding our education and outreach programs for both community and healthcare/emergency personnel. Cetronia’s new state-of-the-art education center is utilized to educate our community, train future EMS providers and help ensure clinical excellence by providing on-going education and training opportunities for current EMS personnel throughout the Eastern PA region. All proceeds from the 5th Annual Great Ambulance Chase 5K Run & Walk will be used to support our education programs and for the technology and equipment utilized in our education center.
