About Stratford Friends School

Stratford Friends School, located in Newtown Square, is a leader and a pioneer in the education of children who learn differently. SFS students are intelligent and imaginative, but find it difficult to learn in a conventional classroom setting. The school's mission is to prepare these children to function successfully in a regular classroom. The school provides a full multisensory academic curriculum and a 6:1 student-teacher ratio. SFS is a school committed to diversity, peacemaking, social justice, and the recognition of the spiritual dimension of life. At Stratford Friends School, children with learning differences discover and celebrate their strengths as students and as individuals. For more information go to www.stratfordfriends.org
