A gently sloping course,
probable tailwind, beer at the finish and
10 other reasons why you should participate:

1. Scenic rail trail, joint-friendly terrain, crisp autumn temperatures.
2. Both runners and walkers welcomed and encouraged.
3. Indoor facilities at start and finish including flushing toilets.
4. Preserves our national heritage and generates funds to enhance and maintain the D&L Trail for walkers, runners, and cyclists.
5. Pacers, chip timing, immediate results.
6. SWAG - technical, long-sleeved, gender-specific T-shirts for all registrants and medals to all finishers, random prizes, lots of awards for both runners and walkers.
7. Hydration stations on the course and delicious indoor post-race buffet.
8. Plenty of FREE parking and transportation back to the start.
9. Spectator-friendly finish.
10. The only hill on the course (a 120-ft gain) starts at the one-mile marker so you can pace yourself, get it over with, then it's all downhill from there!
