

LAUREN "FITZY" FITZGERALD

Oct 31, 1984 - Jul 18, 2005

Lauren Fitzgerald grew up in Berks County, PA, attended Wyomissing Schools and began studying interior design at Drexel University. In May, 2004, Lauren was diagnosed with a primary brain tumor. She underwent 2 surgeries, chemotherapy and other treatments before passing away at age 20.

Throughout her fight, Lauren maintained her love of life and her dignity. She chose to live by a favorite quote from poet Maya Angelou, "I can be changed by what happens to me. I refuse to be reduced by it".

Five people received the gift of life because Lauren chose to donate her organs - her heart, lungs, liver and kidneys were used to serve those in need. Her legacy, love and generosity will live forever.

OUR MISSION

Support families caring for children with a serious illness by providing financial assistance.

Provide scholarships for students experiencing adverse life circumstances.

Promote brain tumor research with an annual donation to the American Brain Tumor Association (ABTA).

Raise awareness of organ donation and the impact donors can have on recipients and their families.

This year's Fitzy's 5K is dedicated to the memory of Candelario "Junior" Matos. Junior remained amazingly positive and reflective throughout his treatments for a GBM brain tumor. It was his daily mission to brighten the lives of others, despite his prognosis and the difficulties he faced. Junior left us on February 2, 2018. His family includes wife Jaime, daughters Skylie and Taylor and sons Mateo, Chase and Trey.
