I know that running a road race is a potentially hazardous activity. I should not enter and run unless I am medically able and properly trained. I also know that there will be traffic on the course and assume the risk for running in traffic. I also assume any or all other risks associated with running or attending the race including but not limited to falls, contact with other participants, the effects of the weather and the condition of the roads, all such risks being known and appreciated by me. Knowing these facts, and in consideration of your accepting my entry fee, I hereby for myself, my heirs, executors, administrators or anyone else who might claim on my behalf, covenant not to sue, and waive, release and discharge Schuylkill County's VISION and any subcontractors it utilizes, all municipalities in which the race is held, the race committee, volunteers, any and all sponsors including their agents, employees, assigns or anyone acting for on their behalf, or anyone else associated in any way with the race, from any or all claims or liability for death, personal injury or property damage of any kind of nature what so ever arising out of, or in the course of, my participation in this event(s). This waiver extends to all claims of every kind or nature what so ever, foreseen or unforeseen, known or unknown. *I have read & understand the above waiver.*

Schuylkill County's VISION has been serving the people of Schuylkill County since 1998. VISION's mission is to mobilize community resources to help create a better present and future for Schuylkill County. VISION is involved with hundreds of county residents in projects that make differences in their lives. VISION does this through building effective collaborations with our strategic partners and other community partners that take on some of the big issues in our county.

VISION invites you to become acquainted with some of the projects we are presently supporting. These projects affect a large number of our county residents in critical areas such as health and education. Our partners work with us to focus the combined energy of community organizations and individuals. These collaborations bring a wide range of knowledge and resources to the table to address complex problems. Working together we can accomplish much more than any of us can alone. That is VISION's job: bringing groups together, helping them find the resources to be successful, and then communicating their good work to the county.

Schuylkill County's VISION has been honored to work with many partners on projects that have had local, regional, state, and national significance in the last several years. Schuylkill County's VISION exists to serve the people of Schuylkill County in a unique and critical way. As Schuylkill County moves into the future, VISION will continue to facilitate collaboration that focuses community energy on success.
