In January of 2010, Conner Holland, the child of this organization's founders, was diagnosed with T-Cell ALL Leukemia. Conner persevered through the first 9-months of treatment, but at month 14 his cancer relapsed. Chemotherapy drugs that were meant to cure his cancer instead gave him a devastating brain injury that prevented doctors from pursuing any curative therapies. Conner passed away on September 4th, 2011.

The Conner M. Holland Foundation was formed out of this tragedy. They feel that it is unacceptable for families to suffer financial distress while dealing with the crushing weight of pediatric cancer. They provide care, support, and financial assistance to those who need it the most. To date they have been able to donate over 10,000 pair of pajamas to children in CHOP and Hershey Hospitals and have been able to give grants to families to help with living expenses while their children are undergoing treatment.
