We are the Vargas crew—Carlos, Amanda, Elianna, Julian, Malachi, and Mateo. We are full-time missionaries with YWAM Lancaster, where we catalyze a generation of young people to fulfill the great commission. We have a passion to see the unreached reached and to see a generation disciplined here locally.

Amanda was recently diagnosed with Stage 2 Hodgkin's Lymphoma, and we are raising \$50,000 to cover the costs of the alternative treatment here in the States and for a three-week stint in Mexico at a state-of-the-art medical institute in September.
